ClinTrial Refer Welcomes Rare Cancers Australia

ClinTrial Refer welcomes Rare Cancers Australia (RCA) to our growing community of supporters. ClinTrial Refer's mission is to provide open and on demand access to current clinical trial activity and our supporters play an important role in raising awareness of ClinTrial Refer as a resource to access clinical trials.

Rare Cancers Australia Ltd is a charity whose purpose is to improve the lives and health outcomes of Australians living with rare and less common (RLC) cancers.

RCA has a number of key areas of focus: Creating a Patient Community, Advocacy, Patient Support Programs, Fundraising, Treatment & Research along with Early Diagnosis.

In Australia, a rare cancer is defined as an incidence of less than six per 100,000 of the population, and a less common cancer is an incidence between six and twelve inclusive per 100,000 of the population.

While we have seen increases in incidence for common cancers, we have also seen dramatic reductions in mortality due to early diagnosis and improved treatments, but this has not been the case for rare and less common cancers where diagnosis remains slow, and treatment availability limited.

To access your own Rare Cancers Australia Specialist Cancer Navigator at no cost, contact 1800 257 600 or email support@rarecancers.org.au

To search for trials using ClinTrial Refer, download the ClinTrial Refer App from the Apple App store or Google Play for free or visit the [website](#).

Liver Meeting WA

WA LIVER MEETING

Pullman Bunker Bay

Margaret River

May 17 & 18, 2024

www.liver.org.au

ClinTrial Refer Supporter **Liver Foundation** has their **Annual Liver Foundation WA Liver Meeting – May 17 & 18, 2024** in Margaret River.

The meeting is a unique multidisciplinary meeting that happens annually on the West Coast of Australia.

The meeting brings together international hepatologists, liver transplant surgeons, radiologists, immunologists, histopathologists and surgeons and physicians from various other disciplines.

Keynote speakers are internationally renowned in their area of work and come to the meeting to share their latest knowledge and research findings.

Save Trials

Did you know you can save lists of potentially suitable trials to easily compare and review options? Simply follow the instructions outlined in the diagram below!

How to save a trial:

When you find a trial or several trials that you are interested in you can save trials to review later by clicking on the 3-dots in the top right of the trial page and selecting 'Save for Later'

Saved trials can be found at the top of the app where you saved the trials.

They can also be found in the menu.

Long hold a trial or swipe to delete it from your saved trials.

Trial Spotlight

Trial Spotlight

On average 28 trials are listed in the ClinTrial Refer database every month

We aim to highlight some of these in our newsletter each month
